EDUCATION

Bachelors Of Engineering

Sinhgad Collage of Engineering - Pune

2020-2023,

First Class with Distinction

Diploma

Government Polytechnic - Jintur

2017-2020,

First Class with Distinction

Secondary School Certificate (SSC)

Jawahar Vidyalaya - Jintur

2017,

First Class with Distinction

PROJECTS

1) Exploratory Data Analysis and Visualization of Diwali Sales Data.

- Performed Exploratory Data Analysis (EDA) and Data Visualization using pandas, matplotlib and seaborn libraries.
- Improved customer experience by identifying potential customers across different states, occupation, gender and age groups.
- Improved sales by identifying most selling product categories and products, which can help to plan inventory and hence meet the demands.

2) Creating a Machine Learning Model for Salary Prediction.

- In the Salary Prediction project, I employed machine learning algorithms to predict employees' salaries based on their years of experience.
- The Linear Regression model demonstrated exceptional performance, achieving an impressive R2 value of 0.9569.

3) Building a Power BI Dashboard for Madhav Ecommerce Store.

- In Designed and developed interactive Power BI dashboards for Madhav Ecommerce, enabling real-time data-driven decision-making.
- Transformed raw data into actionable insights, enhancing operational efficiency and strategic planning.
- Delivered impactful insights that contributed to an improvement in decision-making processes for Madhav Ecommerce Store.

4) Second-Hand Car Data Analysis using SQL.

- Conducted in-depth SQL data analysis on a diverse dataset of second-hand cars, answering critical business questions related to market dynamics.
- Developed complex SQL queries to extract, transform, and analyze data, uncovering valuable insights for decision-making
- I utilized SQL queries to identify the top-selling car models, available cars, optimal pricing, and address various business questions.
